RALEIGH, SATURDAY, JUNE 6, 1857.

HOLDEN & WILSON, STATE PRINTERS,

AUTHORIZED PUBLISHERS OF THE LAWS OF THE UNITED STATES.

The Riot in Washington City. We give full accounts to day of the bloody riot in Washington on Monday last, the result of the action of the Know Nothings of that City, aided by the "Plug Uglies," a band of desperate Know Nothing villains from Baltimore.

To the Mayor of the City, to the President of the United States, the Secretary of War, and Capt. Tyler of the Marines, we award all honor for the promptitude and energy with which they performed their duty. The only regret is that the rioters themselves nearly all escaped, while innocent persons were killed or wounded. This was, however, unavoidable. The only course was to fire on the mob, as was done on this occasion. This is a government of law and order; and whoever resists the laws. or incites to riot and insurrection should atone for it in blood. Naturalized citizens have the same rights at the polls that native citizens have, and their rights must be protected. If the military had been called out in Baltimore, Louisville, and New Orleans during the election riots in those cities, and had performed their duty as in Washington, many a valuable life would have been saved and the majesty of the law would have been maintained.

These things are deeply to be deplored. They are the fruits of Know Nothingism. But no matter how much we may deplore them, and no matter who is to blame for them, the liberty of the ballot-box must be protected and the law maintained at every

Notwithstanding the disorder and riot, the anti-Know Nothings of Washington carried the election by decided majorities.

The Laws, Journals, &c. Our amiable friend of the Wilmington Herald is laboring under one of his biennial attacks of grumb ling about the delay in sending out the laws and journals of the Legislature. We cannot say that we much blame him in this instance, however; but it is due to ourselves, as State printers, to say that all the printing was completed in some twenty days less time than is allowed us by law. The Secretary of State has done the best he could in regard to the binding; and we are happy to inform our friend Burr that the laws, journals and documents are now all ready for delivery, and that they have already been sent out to more than half the counties in the

The discipline and order of the College are stated to have been good during the session. No student has been dismissed during the session, and there has been no case requiring severe discipline.

WEAPONS AND ISSUES OF THE OPPOSITION .- In the non-slaveholding States the issues made by the opposition to the Democrats are the unconstitutionality of, and resistance to, the fugitive slave law, and opposition to the Nebraska Kansas act and the late decision of the Supreme Court of the United States in the Dred Scott case. In two or three of the Southern States their issue is Distribution; and in Baltimore, Louisville, New Orleans, and Washington City the weapons of their warfare against the Democracy are clubs, bowie knives and revolvers.

THE CASE OF JUDGE LORING .-- The Boston Post has the following in relation to the case of Judge

" MASSACHUSETTS AND THE CONSTITUTION .- This abolition Know-Nothing Legislature wound up its action in the address case yesterday in the appointment of a committee to wait on the Governor. They are to ask him to remove a public officer for standing by the constitution and the laws of his country -to punish a judge for complying with the oath he took when he entered upon the duties of his office. These addressors hold that the obligation entered into by their fathers to restore fugitive slaves is null and void! The time will come when the good sense of this community will condemn such factious proceedings, and bestow on those who countenance them the reward they deserve. Of course, the committee will meet with no success. The Governor will decline to comply with the disgraceful request, and Judge Loring will continue to fill his office. But such proceedings serve to dishonor our Commonweath, and make it a byword of reproach."

The Fugitive Slave Case in Ohio.

We published in our last a brief telegraphic allusion to the conflict between the United States and certain officials of the State of Ohio, growing out of an attempt of the deputy marshal of the United States to arrest persons in that State who stand charged with harboring and concealing a fugitive slave from Kentucky. The Cincinnati Enquirer of Saturday thus notices the arrest and subsequent imprisonment of the deputy marshal and his assis-

"All the reports concur as to the main facts of the great outrage recently committed at Xenia in the forcible resistance of the deputies of the United States marshal while engaged in executing a writ issued by the United States commissioner, and their arrest and detention by a sheriff of one of the counties, aided by a lawless mob. There is no doubt or difficulty as to the authority of the marshals; the fact of their having the prisoners in custody, and the legality of the officer from whom the writ issued. The naked questions are then presented, whether the United States government has the power to enforce the process of its courts within the State of Ohio? whether the populace or the State authorities can, upon their private convictions or ideas as to the right and justice of the laws of Congress, set aside and disregard the authority of the federal ju diciary? and whether the general government will under any circumstances, and from an apprehension of any consequences, submit to such contempt and violation of its power and dignity? The test case has now arisen. The deputies of the United States marshal are now in the custody of the sheriff of Greene county. They must be rescued and released at all hazards, or henceforth the federal government is without weight or respect within this State. It is quite vain to incur the expense of a federal judiciary here if it is to be thus made the sport of a mob, the scorn of the populare."

The Enquirer is a Democratic paper. Some further particulars will be found in the subjoined telegraphic despatches:

"CINCINNATI, May 29 .- The United States marshal telegraphed to the Secretary of the Interior today for instructions regarding the arrest and imprisonment of United States officers at Springfield, but the nature of the instructions received has not transpired.

Judge Leavitt, of the United States district court, issued a writ of habeas corpus to day, and the United States marshal has gone to Springfield to serve it. In case of resistance being offered, it is reported the United States troops will be called out."

CINCINNATI, May 30.—The United States Deputy

Marshal Churchill and his assistants were brought before Justice Christie, at Springfield, this morning. Messrs. Elliot: and Churchill were arraigned on two charges-one for assaulting Deputy Sheriff Compton, and the other for assaulting Sheriff Lay-

ton with intent to murder. Messrs. Churchill and Elliott asked, through their counsel, that the amount of bail be fixed for their appearance at the next term of the common pleas. Their bail was then fixed at \$2,500 each on both charges. The balance of the party, eight in number, were required to give bail in the sum of \$10,-000, and, refusing to do so, were all committed to

Here, then, is a case of direct conflict between the federal and State authorities; and not only this, but the triumph thus far of the enemies of the law and the federal Constitution. The issue has been made, and must be met. President Buchanan, we feel sure, will see that the law is executed at all hazards, The Washington Union of Tuesday last concludes a notice of this resistance to the law as follows:

"We shall defer further comments until we are in possession of all the facts in the case; and in the mean time the whole country may rest assured that the President will discharge his high constitutional obligations before the nation promptly, boldly, and faithfully, and uninfluenced by any other motives save the honor, the prosperity, and the integrity of the Union; or, to use the language of Secretary Thompson, in his despatch to the United States marshal of Ohio: "Execute the law. The President expects you to do your duty, and he will do

Hotels.-Our Senior had a good word in our last for the Yarborough House, and we have nothing to say against what he said. We, the Associate, were not present, and consequently did not get any champaigne. Editors, whether seniors, juniors or associates, never thrust themselves, uninvited, anywhere. We have no doubt, however, that there are six pillars in front, and that they were put up well and expeditiously, and also granetized according to the most approved method; and, moreover, we feel constrained to admit that the Yarborough house is now larger than it was when it was smaller than it is now; and we have no doubt Col. Not per contra, but merely en passant, we, the Associate, would remark that we have on several occasions been the guest of Capt. Lawrence, and that we have always been well treated by him. He has, within the last year, made additions and improvements to his house; and we feel convinced that there are visitors enough to Raleigh to fill both his and the Yarborough house, and we hope both will do well. In this hope we know the senior concurs, notwithstanding the following note just re-

The Standard will probably survive, and the hotels flourish also. So mote it be. .

TERRIBLE ELECTION RIOT IN WASHING-TON CITY! Baltimore rowdies in the thickest of the fight-Sev-

eral persons killed-many severely wounded! WASHINGTON, June 1 .- An election was held here to-day for Collector, Register, Survoyor, and for

members of the Councils, and Assessors. Early in the forenoon much excitement was manifested in the Second, Fourth and Seventh Wards. A large number of Baltimore rowdies, consisting of the Plug Uglies, and sundry other organizations, are known to have arrived in the early train. Their presence instigated to deeds of violence the more disorderly of our own citizens, and several desperate fights took place in each of the three wards above

Pistols, knives and clubs were used with deadly effect, and several were very seriously wounded. The rowdies procured a swivel, and taking it to the Fourth Ward polls, threatened to open a fire, if a certain body of foreigners were allowed to vote. In the meantime, the Mayor, finding the civil force insufficient to preserve the peace, requested the President to order the U. S. Marines from the barracks. An order was issued, and one hundred and ten Marines marched with fixed bayonets to the spot, the rowdies assailing them with the vilest abuse and epithets.

The Marines seeing that a swivel was about to be fired into their ranks, charged and took the deadly instrument. The crowd then fired on the Marines from the side and front, and one fell. An order was now given, and two platoons fired into the crowd. sweeping Seventh street and the Market-house.

A scene ensued which defies description. After the first discharge, the rioters continued to shoot from the corners and stalls, and several were killed any many wounded. It is believed, however, that more met death by pistol shots, than from the muskets, of the Marines.

The city is now quiet, but another demonstration is feared to-night.

NINE O' CLOCK, P. M .- It had been prearranged that a large force should arrive from Baltimore in the seven o'clock train, but learning that their friends were returning they desisted. In the meantime, the Marines were drawn up at the Depot, and fully prepared to receive them.

The Marines having been on duty the whole day, the Sceretary of War ordered the Light Artillery to come on from Fort McHenry, who are expected to arrive before 10 o'clock.

The mob have obtained possession of another cannon, and threaten to destroy the houses of the Mayor and Capt. Tyler, of the Marines. Their families and valuables have been removed to places of safety. A heavy shower is now falling, and every thing is comparatively quiet.

THE CITY ELECTION YESTERDAY-RIOTING AT THE POLLS-SEVERAL MEN KILLED AND WOUNDED .- The citizens of Washington were called upon vesterda to elect members of the two boards of councils and other municipal officers, and in the place of their being allowed a free and full exercise of the privileges of the elective franchise, armed gangs of bullies and desperadoes were imported from Baltimore with the view of intimidating all from voting for the anti-know nothing candidates through the persuasive influence of bludgeons, slung-shots, pistols, and bowie-knives. The Star, of last evening, in its account of yesterday's bloody proceedings, says:

A gang of hired ruffians and bullies, "plug uglies," and other worthies from Baltimore, have been imported by the Know Nothings to take violent possession of the polls, and armed with revolvers, billies, and slung shots to prevent our own citizens from depositing their votes.

In the first precinct of the Fourth ward this morning a general fight occurred, in which several hundred men and boys were engaged, indiscriminately. It seems that some forty or fifty plug uglies came down from Baltimore this morning to assist our citizens in the election to-day. After floating around for some time without effecting anything of note, they pitched upon the fourth ward first precinct, as the most eligible scene for their operations, A long line of voters were standing in the street. extending for some distance from the polls, and composed principally of anti-know nothing voters. The p'ugs, assisted by several squads of large chunkers and rip raps of our own city, endeavored to break into this line by crowding, but not succeeding in this they left the scene of action to concert more hostile meas-

After a short time they returned largely reinforced in numbers, and with revolvers, stones, billies, brickbats, &c., they made a concerted onslought upon the voters. A terrible scene now ensued, in which the entire crowd participated. Stones and pistols were rapidly discharged, and men were trampled to the earth, beaten, stamped on, and severely wounded. Among those injured was R B. Owens, Fourth Ward commissioner, who had his wrist badly shattered by a pistol ball. A. Ktopfer received a spent ball in his forehead, which stunned him, but inflicted no serious injury. Capt. Goddard was, with several officers, on the ground, and the captain did good service with his long arms and heavy fists in quelling the affray. He was severely struck several times, but got off without any serious damage. Several of the ringleaders were arrested and taken to the guard-house; amongst others, a young man

by the name of Johnson. The buil lings in the neighborhood were damaged the doors and windows being broken in on all sides, In the skirmish Mr. George D. Spencer received a

severe blow in the face. At the first precinct of the 4th Ward the officers did all in their power to prevent the riot, placing themselves between the belligerents and the voters in the line, with Captain Goddard at the head, who demanded the peace, when they rushed on en musse, and with an impetuosity which nothing short of a military force could have withstood; and, although the police fought like heroes, they were forced to abandon the field to the possession of these hired

miscreants. Our Baltimore visitors were, about 11 o'clock, good enough to pay a visit to the Second Ward polls. wearing the know-nothing ticket as a badge, and shouting for "Dixon" as a rallying cry.

In a few minutes their inevitable revolvers were out, and some thirty or forty shots were fired, in quick succession, in the neighborhood of Eleventh street and the avenue.

In this affray, a young man, residing on Thirteenth street, between H and I, named John Oazely. was shot in the knee. About this time some of the solid men" of the ward were seen emerging from their residences armed with muskets, as if they had some notion of going on a gunning expedition. The plug uglies seemed to think the Second Ward air was getting insalubrious, and they left in a body, probably with the design of "regulating" some of

the other precincts. At one o'clock, a noisy crowd of boys and men of the Fifth Ward, dragging after them a small brass gun. Where they got it we are unable to say, but it was said they intended to use it to defend themselves. Immediately after two companies of United States marines, commanded by Captain Tyler, went to the City Hall, and reported for service to the

mayor." At noon it became evident that nothing short of military interposition could save the city from almost universal riot. A letter was addressed by Mayor Magruder to the President of the United States, asking for a company of marines in order to maintain the peace of the city. The request was promptly complied with. We continue our extracts from the Star :

"Shortly after 1 o'clock, p. m., the marines (two companies, 110 in all) arrived on the ground, first precinc. of the Fourth ward, under charge of Capt. Tyler, and accompanied by Mayor Magruder. The op-

position bad, in the meantime, procured a brass cannon, and stationed it at the Northern market-house, which they made their headquarters.

THE PROPERTY OF THE ROOM OF THE PARTY AS A PARTY OF THE P

After the mayor had addressed the crowd, stating that the soldiers were brought there solely to maintain the public peace of the city, which had been flagrantly violated, the marines moved upon the markethouse to take possession of the cannon, amidst every species of taunt and opprobrium, ending finally in the possessors of the cannon firing pistols at the marines. The latter, however, moved steadily on, seized the canpon, and then, due warning having been given, replied to the pistol shots upon them by a volley of ball.

The plug uglies then scattered, firing shots as they did so from behind corners.

After the smoke cleared away, the terrible sight was presented of four or five persons in the agonies of death, and several others fearfully wounded. We give below as accurate a list of the killed and wounded as we could obtain:

F. M. Deems, clerk in the Land Office. Mr. Alison, constable. Archibald Dalrymple, of Baltimore, brakesman on

the Washington branch railroad.

George McElfresh. Redding, colored, of Georgetown. Ramy Neal, colored, formerly waiter of Walker

Somers, saddler, probably mortally. Samuel Cassidy, shot in the head. Col. Wm. F. Wilson, shot through shoulder.

James Wright, of Anne Arundel county, Md., shot in the thigh. Charles Spencer, shot in the leg and breast. Biddeman, tinner, shot in the arm.

James Siatford, plasterer, shot in the leg and through the body. Richard Owen, shot in the arm. John Owen, stone cutter, shot in the hand. A marine severely wounded.

Thomas Wills, Anne Arundel county, shot in the P. F. Bell, Seventh ward, shot in the knee. One of the Baltimore rowdies, shot in the leg. John Fouche, severely. Sam'l Fenton, in arm.

Mr. Lawrenson, (Mercury,) shot through his hat, grazing his head. It is rumored that several were killed and many wounded not mentioned in the above list-among

whom are one or two women and a small boy. " All that were killed or wounded, with one or two exceptions among the wounded, were peaceable citizens, passing by or looking quietly on.

On motion of Jno. S. Dancy Esq, Mr. Wm. A. Jones was appointed Secretary. Wm. H. Johnston, Esq., then introduced and explained in a clear and satisfactory manner the following resolutions, which after due consideration

were unanimously adopted. WHEREAS, Several counties of this Congressional District, have held meetings and proposed the holding of a Convention to nominate a Democratic Candidate to represent the party in the next Congress of the United States: And whereas, we, the Democratic party of the county of Edgecombe in primary meeting assembled, believe, a nomination effected through a Committee, would promote harmony in our ranks and give assurance to the pominee that he held his position in obedience to the will of the people; Be it therefore resolved.

1st, That we concur in the proposition to hold a District Convention in Newbern, on Thursday the 2nd, That the Hon, Thos, Ruffin, of Wayne, by

his faithful adherence to the time honored principles of the party, has endeared himself to the democracy of Edgecombe, and we cordially present him as our candidate for re-nomination. 3rd, That in James Buchanan and his political advisers, we have a President and Cabinet whose

national conservative views entitle them to our entire confidence, and who we feel assured by their wisdom and integrity, will steer the ship of State safely through the difficulties which surround it during the next four years. 4th, That we trust and believe that the policy of the administration, as foreshadowed in the Inaugural

Address of the President and his official acts since, will mark an era in the political history of the conntry, in bringing about a peaceful and lasting settlement of the vexed slavery question. 5th, That we congratulate the democratic party throughout the Union, and every true hearted son of the South, in the elevation of James Buchanan

and Jno. C. Breckinridge, to the Presidency and Vice Presidency of the United States, in the triumph of national principles, and the overthrow of fanatical sectionalism, thus securing peace and quiet for another presidential term.

6th, That the Chairman of this meeting, be empowered to appoint one delegate from each Captain's District and any others from the county at large, to

the proposed Convention. After the adoption of the Resolutions, the Chair observed, that the 6th Resolution devolved on him the duty of selecting delegates, and he hoped that the members of the meeting and the citizens, would aid him in making out the list and suggest the names of such persons as would most probably at-
